

# Fax to Email

## About the Service

Bring your fax solution into the 21st century with our fax to e-mail packages. Eliminate the need for bulky, problematic fax machines, while reducing costs, and saving the environment. Your Local Telecom can provide everything from a simple drop-in replacement for a traditional fax, to advanced fax routing with complete integration with your existing software and IT infrastructure. No equipment is required for this service, everything can be operated from your existing computers, laptops, smartphones, iPad's, tablet PC's, or almost any device that supports e-mail or web browsing and PDF.

## Key Features:

- ✓ **Send and receive multiple faxes at the same time**
- ✓ No need for a fax machine, everything is done on your computer
- ✓ Delivery scheduling
- ✓ Send to a single number, or broadcast to thousands
- ✓ Delivery tracking and receipt confirmation
- ✓ Built-in contact list and group management

## Accessible from anywhere...

- ✓ **Send faxes via e-mail**
- ✓ Receive faxes in your e-mail as PDF documents
- ✓ Send and receive faxes from Communicator<sup>^</sup>
- ✓ Send and receive faxes from our web application
- ✓ iPad, Android Tablet compatible via the webApp
- ✓ iPhone, Android SmartPhone compatible via the webApp

## Service Pricing

Product
Fax to Email Package
Bring your existing number

No contract period as standard

Please note that inbound faxes received on 1300 or 1800 numbers will also incur the cost of the 1300 or 1800 call. Faxes cannot be sent internationally from this service. Additional faxes are charged at 18c each. Both inbound and outbound faxes count towards quota. Maximum of 8 pages per fax sent, file size limit of 10MB.

<sup>^</sup>Requires separate Communicator license
